

As a trusted voice in support of science and the leading resource for scientific society leadership development across all scientific disciplines, the Council of Scientific Society Presidents (CSSP) invites you to choose from several unique sponsorship programs. Your sponsorship supports workshops (May and December of each year), monthly Chats, CSSP initiatives, and CSSP as an organization ensuring that all future science leaders understand current issues and challenges which require solutions and policies based on science.

CSSP offers the following sponsorship levels for the May and December workshops:

- **Topaz Sponsorship - \$500:** Name recognition in the workshop program agenda, acknowledgements at the start and end of the workshop (via vendor provided slide, presented by an organizer).
- **Opal Sponsorship - \$1000:** All of Topaz tier (\$500), plus distribution/dissemination of hard-copy* and electronic vendor materials (fliers, booklets, cards, widgets) to all participants.

Our established high-level sponsorships include:

- **Sapphire Sponsorship - Individual sessions - \$2,500.**
One invitation to attend the sponsored workshop session and follow-on Collaborative Action Session; input on potential speakers and/or panelists; recognition of sponsorship on agenda – hard-copy* and website and pre- and post- meeting materials associated with the session during sponsored session.
- **Emerald Sponsorship - Awards Session - Banquet or Reception - \$5,000.**
One workshop invitation including an invitation to attend awards session. Seating at table* with awardee or time at reception; all of Sapphire tier-recognition of sponsorship on program agenda, website, and at event.
- **Ruby tier-May or December Workshops - \$10,000.**
Two workshop invitations and recognition in workshop agenda (hard-copy* and website), all of Emerald tier and special recognition at workshop and during breaks; input on workshop sessions.
- **Diamond tier-May or December Workshops - \$25,000.**
Four workshop invitations and recognition in workshop agenda (hard-copy* and website), all of Ruby tier and special recognition at workshop and during breaks; input on workshop sessions.

Chats (monthly) - \$500 each; input on topics and speakers, non-member societies invited to attend for a nominal fee.

Benefits

- Through workshop attendance — reach leadership of many diverse scientific societies at a single event in order to share the needs of your organization. Scientific discipline breadth is unique to this workshop.
- Become aware of disruptive technology that may be advantageous to your organization.
- Raise awareness of your organization's support of science.
- Association with science leaders across a very broad spectrum (many major scientific societies are participatory, ranging from American Chemical Society to Soil and Crop Science Society of America in their breadth). Scientific Society Presidents represent more than 100,000 US scientists.

* Hard-copy materials are distributed during in-person events only

Past sponsors who have participated in workshops have found great value in contacts made and have adjusted their overall program(s) based on ideas captured at the workshop.

Relationships developed at CSSP have led to major investments in interdisciplinary programs at universities. One example is Raman spectroscopy as a tool in sensors to detect issues in food production systems at Texas A&M University.

CSSP is the leading resource for scientific society leadership development across all scientific disciplines. Your support will specifically target how science society leaders can take on and strengthen the role of science in helping with society's grand challenges, to build interdisciplinary working groups to directly address solutions, and develop highly effective skills for communicating scientific solutions to the public and policy makers.

It is critical that the public and policy makers trust the science and scientific processes for implementing these solutions, together, to improve the future of science and society!

CSSP also offers ***Institutional Affiliate Memberships: \$2500/year***
